Why we don't receive an offering when we come to your church to show our mission presentation.

**I believe this will be one of the most important mission presentations you
and your church will ever experience.**

Please allow me the opportunity to show you.

This fifty minute mission presentation is informative, inspiring, and professional. But most of all, the Lord uses this presentation to touch hearts about native missionaries on the other side of the world—missionaries who daily hazzard their lives for the Gospel.

We do not receive an offering during the service. We show people exactly what CO-Mission is all about, and only ask them to receive and read our newsletter. Here is why:

1. We want people to know what we do and what they are giving to. After receiving our information packet (at the end of the presentation) and our monthly newsletter a couple of times, they know everything about us..
2. If the congregation gives immediately, during the service, it doesn't give them time to consider what the Lord might want them to do.
3. The offerings in many regular services are already designated (like first Sunday). We don't want to interfer in your offering schedule and we don't want you to have to receive an extra offering. I know you understand.

I sincerely hope you will allow me to come and tell you and your people about these dear missionaries. I believe this presentation will add a completely new dimension to the mission life and prayer life of your dear people.

In His service with you,
Gary Glover, DIRECTOR
